Designer, is born in Rho in 1980, he is graduate in 2008 from the *Politecnico di Milano*, he lives and works in Milan.

Since the year 2005 until 2011 he worked with leading Italian architects, like *Studio Italo Rota & Partners* and *Kingsize*, and collaborates in Communication Agencies.

Since 2008 he collaborates as an external support to the *LAB.I.R.Int* (Interiors Innovation and Research Lab.), with the *Consorzio Politecnico di Milano*. He's been visiting professor in several courses at the 3rd Faculty of Architecture, *Scuola del Design* at *Politecnico di Milano, Bovisa Campus*.

Since 2009 he collaborates with the *Fondazione Eni Enrico Mattei*, for the research and project proposal of *enerAGRIa, Energy Park of the Agri Valley*, developed in team with LAB.I.R.Int and other personalities of the FEEM. Since 2020 collaborates in projects of technology innovation for local projects in Basilicata (Italy) as Energy Valley (tech pole).

In the year 2011 he starts the professional business *Texal* dealing with graphic, packaging, industrial and interior design, architectural visualization, graphics for printing and digital, dynamic Websites, illustrations and infographic for teaching and corporate image.
