Professional Experience

Internship   **Rome**
Bank of Italy - Law & Economics Division   *Oct. 2022 - May 2023*
- Worked in close contact with Sauro Mocetti, head of the division. Made use of multiple data sources to reconstruct ownership links and structures of Italian firms in an extensive panel dataset in order to measure intergenerational mobility in entrepreneurship and investigate transmission channels.

Data Analyst   **Florence**
Blue Eco Line - Environmental Innovation   *June 2020 - Present*
- External consultant for an Italian Start-up, working on technologies to efficiently monitor and intercept riverine plastic waste. Provided support on multiple dimensions: data analysis with machine learning techniques, writing of reports, and drafting grant applications.

Pre-Doctoral Fellowship   **Vancouver**
University of British Columbia - Labor Economics (Prof. Raffaele Saggio)   *2020-2021*
- Learned how to efficiently handle, clean and analyze very large panel datasets (100+ million observations) using Stata, and how to effectively communicate and coordinate in the research environment. Assumed responsibility of steering the project's course based on insights derived from prelminary findings.

Research Assistant   **Bogor, Indonesia**
University of British Columbia - Impact Evaluation   *April - June 2019*
- Successfully coordinated with stakeholders, translators and local authorities in a foreign environment; sharpened my knowledge of Monitoring & Evaluation methodologies.

Internship   **Bologna**
Bologna Laboratory for Experiments in Social Sciences - Behavioral Economics   *2016-2017*
- Participated in the design and implementation of both field and lab experiments, conducted literature reviews, and drafted technical research reports.
