## Impact Evaluation Officer

vincenzodeg96@gmail.com | +39 3286592612

Economist and policy analyst with 4+ years of experience driving sustainable growth and innovation through policy evaluation across international organizations and EU institutions. Attitude towards data-based solutions for development goals ensuring efficiency and transparency. 4+ years experience as a project officer in several programs establishing strategic frameworks and monitoring systems to ensure measurable impact, foster resilience, and deliver emergency aid. Confident in working simultaneously on different tasks with limited supervision in fast-paced environments.

### AREA OF EXPERTISE

Public Policy Analysis	ML, Data Analysis and Visualization	Research Communication
Economic Analysis	Statistical Modelling and Calibration	Project Scope Development
Budget Impact Analysis and Standards Reporting	Design of Experiments	Partnership Management

### WORK EXPERIENCE

<b>Fondazione Social Venture Giordano Dell'Amore</b> <i>Monitoring and Policy Evaluation Officer</i>	<b>Milan, Italy</b> <i>Sep 2023 - Present</i>
---	--

- Guided the development of the theory of change framework and established KPI monitoring systems for initiatives funded by the foundation and its partners, enhancing the strategic alignment and measurable impact of over 20 projects.
- Spearheaded strategic planning and capacity-building initiatives for public administration, government entities, social enterprises, non-profits, and ethical investment funds.
- Designed and implemented surveys, conducted comprehensive data analyses, and developed performance metrics to evaluate programs' outcomes across 30+ initiatives for social inclusion and economic development, both at the national and international level, improving the precision of impact assessments and driving data-informed decisions.
- Delivered consulting and training services on social and sustainable impact measurement and evaluation, supporting the foundation's investment activities and institutional projects for external organizations.
- Led the design of solutions and services to identify seed investments in the impact investing field, overseeing a portfolio of €1.5M, and mapped specific financial products to ensure completeness in the related market.
- Devised, in collaboration with TechSoup Global, a centralised database that collects different validated open-source impact assessments, assisting public authorities in linking expected results with taxonomies and transformative goals.

<b>European Commission, DG Research and Innovation (RTD)</b> <i>Research Consultant and Policy Officer</i>	<b>Brussels, Belgium</b> <i>Nov 2023 - Present</i>
---	---

- Contributed to the co-design of mission-oriented strategies and work programs, fostering inclusive and sustainable research practices to strengthen the European Research Area (ERA), focusing on advancing climate resilience and supporting innovation.
- Engaged with public and private stakeholders to promote research-driven solutions, aligning investment strategies with the EU programs and fostering partnerships that ensure a coordinated approach to advancing empirical solutions for sustainable development goals.
- Supported the development of evidence-based frameworks to assess adaptation risks, integrating research insights into policy recommendations and funding strategies, ensuring alignment with policy priorities.
- Tailored impactful communication materials and policy briefs to disseminate research findings, enhancing stakeholder engagement and reinforcing commitment to transparency and knowledge transfer.

<b>Associazione Santina Gusmini with Care International Network</b> <i>Standards and Grant Officer</i>	<b>Chipata, Zambia</b> <i>Sep 2024 - Present</i>
---	---

- Managed public consultation processes soliciting stakeholders' inputs to refine project deliverables, align outcomes with donors' goals, and strengthen programs' compliance.
- Developed detailed documents and reports, including budgets and compliance reviews, ensuring 100% adherence to grant requirements and labor standards, resulting in the approval of the financed funding.
- Audited and evaluated data from 50+ sources and targeted research on SDGs topics, leveraging findings to inform evidence-based grant proposals.

### LANGUAGES AND SKILLS

**Languages:** English (fluent, C2), Spanish (fluent, B2), French (independent user, B1), Italian (native speaker)
