Reshaping the Energy Industry: Action for Transition

Call for Ideas – Mediterranean Region

The Call is launched by the OMC, in co-operation with FEEM and Union for the Mediterranean, the intergovernmental Euro-Mediterranean organisation which brings together all countries of the European Union and 16 countries of the Southern and Eastern Mediterranean, and whose aim is to enhance regional cooperation, dialogue and the implementation of projects and initiatives with tangible impact on citizens, with an emphasis on young people and women, in order to address the three strategic objectives of the region: stability, human development and integration.

The call is addressed to **young researchers** born in or after the year **1982** of **nationality and citizenship** of one of the following **countries** belonging to the **Mediterranean Area**: Algeria, Bahrain, Cyprus, Egypt, Greece, Iran, Iraq, Israel, Jordan, Kuwait, Lebanon, Libya, Malta, Morocco, Oman, Palestine, Qatar, Saudi Arabia, Syria, Southern Italy, Tunisia, Turkey, United Arab Emirates, Yemen, in possession of a **Master's Degree** and who have **developed a well-defined project idea or a project either at a university, a university spin-off, or a research institute** of this Mediterranean Area addressing one of the themes covered by the following Technical Streams: Operational Excellence, Technologies, Carbon Neutrality and Circular Economy

The winners will be invited to present their projects at the Innovation Room that will be held on May 25th, 2023 during the OMC – MED Energy Conference in Ravenna (Italy).

All visa, travel and accommodation expenses will be covered for the whole duration of the Conference (May 23rd – May 25th) by the OMC organisation

Ravenna, which will host the OMC – MED Energy Conference, is well-known for its historical, artistic and cultural roots, represents a jewel in the national scene, rich in UNESCO heritage monuments. It is considered world capital for ancient mosaics and some of the best examples of them are here conveniently located.
