

Logistic information for EMEE 2018 - 11th International workshop on "Empirical Methods in Energy Economics"

June 14-15, 2018
Fondazione Eni Enrico Mattei
Corso Magenta 63, Milan, Italy

Milan is one of the most dynamic European cities and a world-renowned cultural hub. The venue of the conference, Palazzo delle Stelline, where FEEM premises are located, is in the center of the city, just opposite to Santa Maria delle Grazie Church, home of Leonardo Da Vinci's Last Supper fresco. If you would like to visit the famous Last Supper, we strongly recommend to reserve well in advance. There are several websites selling the tickets (i.e. [Cenacolo Vinciano](#) - if you do not find availability for your preferred date, we suggest to call their reservation center).

Regarding your accommodation in Milan, there is an excellent range of options at walking distance from the workshop's venue. FEEM has made a selection in order to facilitate your travel organization.

Accommodation suggestions:

Hotel Palazzo delle Stelline (the building next to FEEM)
